4x4 + anarchy = canyon shredding kill fest.

It's 26 levels of car-to-car combat. Customize buffed monster-stompers with trick engines and air-grabbing jump jets.

Hate cheesy acting? Watch two trash-talkin' jerks rip on the gratuitous video.

With our unique, head-to-head 2 player game, grind a pal's ego into the asphalt. It's cruel. But there ain't no 2nd place.

Get a load of **Off-world Interceptor™ Extreme**, the chaotic death-capade featuring wicked 4x4s and a blood-thirsty arsenal. Red-line across the galaxy's most intense, **32-bit** texture-mapped terrain, switching on the fly between **cockpit** and chase view. Careful, though. Grabbing **massive air** could crush a kidney. True Pinball is the ultimate fully rendered, high speed propulsion into the electric world of pinball fervour.

Why?

Because it incorporates four tables, multiballs, video modes, incredible music, high res 2D and 3D views and 32,000 plus colours, because it remains faithful to every aspect of mathematical precision right down to gravity conditions, and because it stems from Digital Illusions'

It slowly eats at the Cerebellum restricting:

It mutates the Medulla causing irregular:

It looks like a harmless video game until it enters the blood stream and mixes with your DNA. In order to eradicate this affliction we must learn its moves, understand its thinking and anticipate its next move. Only then can we begin to battle and conquer this killer.
